

Change Challenge

May 13-22

Students from each grade level can bring in pocket change to compete in Baucom's first ever **Change Challenge!**

All funds raised will be used for school needs when we return to Baucom 2.0 including campus beautification and playground improvement.

How it works:

- Students put pennies and dollars into THEIR grade's jar.
- Other coins (nickels, dimes, and quarters) go into OTHER grades' jars, and count as **NEGATIVE** points.
- At the end of the Challenge, the grade with the most points will receive a **grade wide extra recess!**

POSITIVE POINTS

EACH PENNY = +1 POINT

\$1 BILL = +100 POINTS

You Want These!

Put in other grades' jar!

NEGATIVE POINTS

NICKEL = -5 POINTS

DIME = -10 POINTS

QUARTER = -25 POINTS
